DADOquartz CLEANING INSTRUCTIONS

Thank you for choosing DADOquartz products.

Kindly read this manual before cleaning your product.

For standard cleaning of both gloss and matte finishes, multipurpose bathroom cleaning products should be used. Matte white finished products may occasionally require a mildly abrasive product.

Highly abrasive products should be avoided, such products contain ammoniac as an ingredient and trichloroethane or methylene chloride. Use a mild detergent or the DADOquartz surface cleaner on all DADO products.

Tools required:

- Damp cloth
- Scouring sponge
- Mild cleaning agent such as the DADOquartz surface cleaner.

INSTRUCTIONS ON CLEANING OF DADO BATHTUBS:

1. Wipe off the excess dirt from the surface of the bathtub with a clean dry cloth.
2. Pour 5ml (teaspoon amount) of DADOquartz surface cleaner onto the surface.
3. For the matte finish:
 - a. Use the scrub sponge with the surface cleaner to and concentrate on the dirtiest area.
 - b. Pour water onto the surface and use the scouring pad to clean the entire bathtub.
4. For the gloss finish:
 - a. Use damp cloth with DADOquartz surface cleaner to clean tub.
 - b. Pour water onto the surface and wipe entire tub.
5. Rinse the bathtub.
6. Wipe the entire surface area dry.

DADOquartz surface cleaner is available to be ordered from orders@dadoafrica.co.za
